# Beach Management: Principles And Practice

## Synopsis

This comprehensive book provides full coverage of beach management principles and practice, with an emphasis on needs-based management. The book provides a wealth of case studies from the UK, USA, New Zealand, the Mediterranean, and Latin America. The emphasis throughout the book is on optimizing economic, social and environmental outcomes and reconciling competing needs in management planning for beach area. This book is an indispensable tool kit for all professionals in beach and coastal/beach zone management . It is also a comprehensive primer for university undergraduate students in professional planning, land management, coastal geography as well as tourism and conservation planning and management.
