## Customer Reviews

This coloring book is filled with a variety of illustrations, you will find Circular Mandala patterns from simple to intricate, Floral Patterns, Illustrations with Animals and Birds as the focal point and set in imaginative backgrounds, plus paisley patterns from diabolically detailed to simply detailed. Truly a book where everyone will find a picture they want to color. The cover picture is included in this book on the first page, in its entirety, picturing a ribbon along the bottom. This little square book is just the right size for coloring on the go. 1. This square (8 1/2" x 8 1/2") book is filled with 48 illustrations, printed one per page (the back of each page is blank) on medium weight, bright white paper. 2. All markers bleed through the pages, I just place a sheet of paper under the page I am coloring to prevent damage to the next page. 3. All images are centered on each page and leave a 3/8" to 6/8" space between the images and the binding. 4. This is a larger coloring book, boasting 48 illustrations in a nice variety, that include, (24 Garden, Animal and Floral illustrations in some in landscape form and some pattern designs, 9 Circular Mandalas, and 15 Paisley patterns. 5. 12 of Paisley pattern images are made up of very tiny details, that will take sharp tipped colored pencil and a steady hand, or if you do not enjoy the tiny details, simply color the larger shapes and let the tiny details simply accent that area. 6. The images in this book vary from simple to very intricately detailed. 7. NOTE; The publisher of this book is new and has published only their first two books, as I write this review and should not be confused with other publishers with similar names.
