Customer Reviews

This book includes 30 full paged illustrations to color, each illustration is a message in itself that will brighten your day and lighten your spirit, each message is surrounded and/or adorned with flowing artistic patterns of whimsical art made up of flowers, stars, hearts, geometric shapes, birds, butterflies, all artistically combined into canvasses just waiting for you to add color. But that is not all; on the back of each illustration is another uplifting and soul stirring quote to help fortify you throughout the day. Eight fully colored example pages have been included to inspire your creativity, and 5 coloring tip pages, including a color wheel, have been added to kick start your imagination. This is a marvelous, inspirational and uplifting book that has so much to offer, it is a must have for all colorists, coloring libraries and would make a wonderful uplifting gift to someone special. My school aged grandchildren also color and send pages from this book, instead of cards to relatives.
