# Killing Pablo: The Hunt For The World's Greatest Outlaw

## Synopsis

Killing Pablo is the story of the fifteen-month manhunt for Colombian cocaine cartel kingpin Pablo Escobar, whose escape from his lavish, mansionlike jail drove a nation to the brink of chaos. In a gripping, up-close account, acclaimed journalist Mark Bowden exposes the never-before-revealed details of how U.S. military and intelligence operatives covertly led the mission to find and kill the world's most dangerous outlaw. Drawing on unprecedented access to the soldiers, field agents, and officials involved in the chase, as well as hundreds of pages of top-secret documents and transcripts of Escobar's intercepted phone conversations, Bowden creates a narrative that reads as if it were torn from the pages of a Tom Clancy technothriller. Killing Pablo also tells the story of Escobar's rise, how he built a criminal organization that would hold an entire nation hostage -- and the stories of the intrepid men who would ultimately bring him down. There is Steve Jacoby, the leader of Centra Spike, the ultrasecret U.S. special forces team that would use cutting-edge surveillance technology to find one man among a nation of 37 million. There is Morris Busby, U.S. ambassador to Colombia, who would convince the Bush administration to approve the deployment of the shadowy Delta Force operators who would be the key to the drug lord's demise. And there is Escobar's archenemy, Col. Hugo Martinez, the leader of Colombia's federal police, who would turn down a \$6 million bribe, survive countless attempts on his life, and endure a humiliating exile while waging his battle against the drug lord's criminal empire. It was Martinez's son, raised in the shadow of constant threat from Escobar's followers, who would ultimately track the fugitive to a Bogota rooftop on the fateful day in 1993 when the outlaw would finally meet his end. Action-packed and unputdownable, Killing Pablo is a tour de force of narrative journalism and a stark portrayal of rough justice in the real world.

KILLING PABLO is the story of the rise, hunt, fall and death of Pablo Escobar, the chief of the Medellin Cocaine Cartel. Mark Bowden (BLACK HAWK DOWN) is gifted in bringing essentially unknown tales into the public eye, and here he does it again, dramatically. His ability to take the hidden and twisted threads of covert operations and weave a complete story from them is impressive. Pablo, as Bowden refers to him throughout, was a small-time hood who rose to true if notorious greatness on a ladder stained with blood. At the peak of his influence he had a net worth of billions of dollars. Pablo cultivated a jolly demeanor and, in truth, lacked courage, though he could be personally disarming. In dress, he preferred white velcro-strap Nike sneakers and blue jeans. He was short and plump. He was hardly the image of the "Don Pablo" he wanted to be. He was easy to underestimate, as the world discovered. At his zenith, he had all but convinced the ruling oligarchy of Colombia that coca cultivation and processing was a growth industry, even if frowned upon by staid norteamericanos with no taste for trend. In 1983 Pablo was elected a Congressional alternate from his state of Antioquia, ruled Medellin with an iron fist, and was a serious contender for the Presidency of his nation. Ten years later he was dead. Pablo Escobar was a study in contradictions. He was 'the most Wanted man in the world' who spent most of his criminal life in the open. A sociopathic megalomaniac, he saw nothing bizarre in blowing up planes and buildings and killing hundreds in the course of targeting one man. He was a devoted husband and father with a penchant for seducing teenage girls.
