*** 50 INCREDIBLE INSECT AND BEAUTIFUL BUTTERFLIES DESIGNS TO RAISE UP YOUR CREATIVITY ***KINDLE USERS â " We Are Thinking Of You. Since you canâ ™t download this book from your Kindle device - We put a link of a printable PDF version at the end of the book.Print the PDF on large 8.5x11 high quality paper and let your creativity to do the rest.Are you ready to relieve stress and get creative? Our Tropical Insects: 50 Incredible Insect and Beautiful Butterflies Designs to Raise up Your Creativity is just what you need. Youâ ™ll benefit by reducing your stress and anxiety after a long, hard day. Coloring has also been shown to increase your creativity. How does coloring help stress for adults? Itâ ™s been scientifically proven to help you take your attention away from your problems. This is the first step to stress relief. Because coloring regulates your amygdala, you get therapeutic relief from stress. You get a small dose of dopamine when you color which helps reduce anxiety and fear. Neuroscience has proven that when we stimulate this area of our brain to produce positive feelings, it can literally rewire our brains. Coloring can now be thought of as a very inexpensive and creative therapy session. Since it requires focus, even if you only color for a short period of time, it can improve symptoms associated with ADD. Why choose this coloring book? This book provides more than 50 patterns to provide you with the ultimate coloring experience. You get to be creative and be transported back in time to your carefree childhood days. Itâ ™s time to unwind with one of the most popular relaxation methods available: adult coloring. Find out for yourself just why adult coloring has become amazingly popular. Choose the best picture that suits your day and start coloring. Our digital version means that you can print out high quality digital images and color until your heartâ ™s content!

Customer Reviews

This coloring book was previously published on 2/9/16 titled â œColoring Book for Adults- 50 Great coloring pages with Incredible Insects & Beautiful Butterflies Designsâ |â •. Same â œauthorâ •, same title, changed the color of the image on the cover, same link to the same PDF download.Not surprising since the same overused Shutterstock images are already used in all the books named â œAdult Coloring Booksâ •, â œColoring Books for Adultsâ •, â œThe Art of Zendoodleâ •, and/or â œZendoodle Coloringâ •.Go to Shutterstockâ.com & find your own images to color. Or go to Pinterest.com â " there are more coloring pages of all types found there than anywhere else on the web. Pages by your favorite artists or your favorite subject matter can easily, & freely, be found with a simple search.â œDisclosure: I received this book for free in exchange for my honest unbiased reviewâ •.. Meaning: In no way do I feel obligated to give a good review just because I got a book for free. I tell it like it REALLY is â " good, bad & ugly.No one has offered me any reward for my review - good or bad. My review, opinion and experience is 100% honest and genuine. I am in no way affiliated with the developer, manufacturer or distributor of this product.If you found my review helpful, please vote "YES" and help me become a better reviewer!

IF YOU HAVE: Coloring Books for Adults: 50 Great Coloring Pages with Incredible Insects and Beautiful Butterflies Designs to Raise Up Your Creativity by Emily Young...THEN You Have this "new" coloring book. Different cover, title reworded, but same author name.We keep seeing these so-called "new" color books with usually, but not always, new/different covers, titles rearranged and same, but not always, author name. Please check your other coloring books carefully before buying these new color books.When we buy coloring books in stores we can look inside to see if we like the designs and check for any designs we already have. WHY Not Here On ??

Finally, something besides butterflies and dragonflies! Not that I donâ ™t like those beautiful insects, but there is beauty in many of natureâ ™s insect creations and this book brings them to life.

There are plenty of pages of butterflies and moths but there are also spiders and beetles, crickets and grasshoppers. I wish there were more of the unusual and less of the butterflies but this is still a great addition to your coloring collection.I was given this book at no charge in return for an honest review. I am not receiving any fee or compensation and am not connected with the author or publisher in any way.

I received a PDF version of this book at no charge in exchange for my honest review. Another Shutterstock rehashing of pictures found in any number of other coloring books available through . As is common for drawings from this source a number of pictures include excessively heavy black lines and/or areas pre-colored black. I disliked the bug pictures the first, second, third and etc times I have seen them and still dislike the theme. Drawings vary in complexity so the book is suitable for all skill levels.

The book should be titled Butterflies and a few insects. There were 30 butterfly designs, and only 20 designs of other insects. And of the 20, many were repeats that I have seen in other books. This book could have been very appealing for boys if there weren't so many pretty butterfly pictures. The author should have done a book on butterflies, and another on insects, instead of trying to combine them. A book just on creepy crawly insects would have been great. I was given a copy of this book for an honest review.

A lot of repeated designs from another book. The butterflies although repeats are nice. The bugsare ugly and I do not choose to waste ink or my time on them. There are lots of heavy, dark linesand blackened in areas. There are some designs with backgrounds and they tend to be the butterfliesrather than the ugly bugs. If you are into the bug world this is for you if you do not already have thefirst copy with a different name and cover.I received this product at a discount or free in exchange for an honest and unbiased review of theproduct based upon my own personal experience. I have not been coached or asked to providepositive feedback, nor have I received any compensation or incentive from the company for thisreview. I am disclosing this in accordance with the Federal Trade Commission 16 CFR part 255"guides concerning the use of endorsements and testimonials in advertising". I am not affiliatedwith this company or any of their products in any way. The views expressed here are my own,based on my personal use and experience with the product, and are unbiased and honest reviews.Any feedback, positive or negative, regarding this product is based on my personal experiencewith the product. I treat each product review as though I paid full

price for it. I rely heavily on productreviews when deciding to purchase an item from a particular manufacturer or company.
