## Customer Reviews

Combines the Dearborne Pastrack Health Insurance & Life Insurance License Exam Manuals. Overall it is a good study guide (I passed using this book with 2 weeks of leisurely at home study), but the test section could be revamped - it did not include enough questions that were like the ones on the actual exam (I took an Experior Online state exam).

It was a good book for a beginner. It was outdated and you would need to supplement the information with a updated CD or some other type of practice material. I did pass the exam after

reading it and supplementing it with a Testteachers CD.

I had my MA Life license for some time. I needed to get the Accident and Health endorsement. With this book, (\$0.99 + \$3.99 shipping), I was able to pass the exam, on the first attempt, with about 3.5 hours of study time. Although very old, this book will give you everything that you need. However, if healthcare significantly changes or you require in depth knowledge, all bets are off. You may need to find a current text.

I use this book with my class room training to fully understand the subject. Passed my exam first time i took it.
