Walden: A Fully Annotated Edition

Synopsis

This is the authoritative edition of an American literature classic:Â Henry David Thoreauâ™s *Walden*, an elegantly written record of his experiment in simple living.Â With this edition, Â Thoreau scholar Jeffrey S. Cramer has meticulously corrected errors and omissions from previous editions of *Walden* and here provides illuminating notes on the biographical, historical, and geographical contexts ofÂ the great nineteenth-century writer and thinker'sÂ life.Cramerâ™s newly edited text is based on the original 1854 edition of *Walden*, with emendations taken from Thoreauâ™s draft manuscripts, his own markings on the page proofs, and notes in his personal copy of the book. In the editorâ™s notes to the volume, Cramer quotes from sources Thoreau actually read, showing how he used, interpreted, and altered these sources. Cramer also glosses *Walden* with references to Thoreauâ™s essays, journals, and correspondence. With the wealth of material in this edition, readers will find an unprecedented opportunity to immerse themselves in the unique and fascinating world of Thoreau.Anyone who has read and loved *Walden* will want to own and treasure this gift edition. Those wishing to read *Walden* for the first time will not find a better guide than Jeffrey S. Cramer.

Customer Reviews

WALDEN has rarely been out-of-print since its first publication in 1854. Copies come in all sizes, shapes and price ranges. Today's Thoreauvians have three ANNOTATED versions of WALDEN to choose from. Each one provides same-page explanatory notes that help the reader interpret the

sometimes esoteric references in Henry David Thoreau's original text. The three books are "The Annotated Walden" (edited by Philip Van Doren Stern, 1970), "Walden: An Annotated Edition" (edited by Walter Harding, 1995), and "Walden: A Fully Annotated Edition" (edited by Jeffrey S. Cramer, 2004). Each one has at least one map of Concord and/or Walden Pond. Each one has its strengths and weaknesses. Each one has appeal for a devoted audience."Walden: A Fully Annotated Edition" by Jeffrey S. Cramer was released in August 2004, coinciding with the 150th anniversary of the original publication date. Cramer is the curator of collections for The Thoreau Institute and therefore has access to some of the best primary and secondary source material available -- including Walter Harding's notes. In addition to the text of WALDEN, this volume includes a few "extras": an introduction to Thoreau's life but only as it applies to his cabin stay and WALDEN writing; a bibliography; notes on the text; and a detailed index. The explanatory notes -- the essence of an annotated edition -- are quite extensive. They are set off from the WALDEN text with page-within-a-page graphic detailing and are easy to read. Cramer did not merely merge Van Doren Stern's and Harding's previous notes with those from David Gorman Rohman's dissertation. His analysis at times echoes that of Harding, but when it does, Cramer often goes one step further with a definition or citation.
