Strengths Based Leadership: Great Leaders, Teams, And Why People Follow

Synopsis

From the author of the long-running #1 bestseller *StrengthsFinder 2.0* comes a landmark study of great leaders, teams and the reasons why people follow. Nearly a decade ago, Gallup unveiled the results of a landmark 30-year research project that ignited a global conversation on the topic of strengths. More than 3 million people have since taken Gallup's *StrengthsFinder* assessment, which forms the core of several books on this topic, including the #1 international bestseller *StrengthsFinder 2.0*. In recent years, while continuing to learn more about strengths, Gallup scientists have also been examining decades of data on the topic of leadership. They studied more than 1 million work teams, conducted more than 20,000 in-depth interviews with leaders and even interviewed more than 10,000 followers around the world to ask exactly why they followed the most important leader in their life. In *Strengths Based Leadership*, #1 New York Times bestselling author Tom Rath and renowned leadership consultant Barry Conchie reveal the results of this research. Based on their discoveries, the book identifies three keys to being a more effective leader: knowing your strengths and investing in others' strengths, getting people with the right strengths on your team, and understanding and meeting the four basic needs of those who look to you for leadership. As you read *Strengths Based Leadership*, you'll hear firsthand accounts from some of the most successful organizational leaders in recent history, from the founder of Teach For America to the president of The Ritz-Carlton, as they discuss how their unique strengths have driven their success. Filled with novel research and actionable ideas, *Strengths Based Leadership* will give you a new road map for leading people toward a better future. A unique access code allows you to take a new leadership version of Gallup's *StrengthsFinder* program. The new version of this program provides you with specific strategies for leading with your top five strengths and enables you to plot the strengths of your team based on the four domains of leadership strength revealed in the book.

Book Information

Hardcover: 266 pages

Publisher: Gallup Press; 1st edition (January 1, 2008)

Language: English

Best Sellers Rank: #833 in Books (See Top 100 in Books) #30 in Books > Business & Money > Management & Leadership > Leadership

Customer Reviews

I'm glad Rath and Conchie wrote this book to build on the strengths movement and help us understand the connection between strengths and leadership. Before I go into specifics, you should know that the leadership strength themes are the same themes found in StrengthsFinder 2.0. This book also includes a passcode to take the same StrengthsFinder 2.0 test, but the results report is different. This new leadership version of the StrengthsFinder results report gives strategies for leading with your top five strengths, breaks your strengths down into three predominant strength categories, and it lets you plot the strengths of your team. If you buy the book, here's what you can expect to find inside:

Part One: Investing in Your Strengths-Don't Lead by Imitation. Different leaders have different strengths and talents. Learn about the one leader you know least about--yourself.

-Find Your Leadership Strengths. Leaders are often unaware when it comes to something of critical importance to them--their personality.

-A Long-term Investment. People who are aware of their strengths and build self-confidence early on will reap increasing advantage that continues to grow over a lifetime.

Part Two: Maximizing Your Team-Successful leaders surround themselves with the right people and build on each individual's strengths.

-What makes a great leadership team? Based on Gallup research, four unique leadership strength areas emerged: Executing, Influencing, Relationship Building, and Strategic Thinking. Every individual on a leadership team needs to be well rounded in these areas.

-The four strength themes for leadership are introduced. They are: Executing, Influencing, Relationship Building, and Strategic Thinking.

-What do strong teams have in common?
