Customer Reviews

The front page of the book is excellent. It makes you believe that you have the right book in your hands. "Everything you need to know about clowning plus over 200 clown stunts" sounds professional. So, from the marketing point of view there is no mistake. Unfortunately the content of the book is absolutely unusable. I've been interested to read about acts suitable for single clowns, but no single one I could recommend to anyone. So, I'm really very disappointed with this book and unfortunately I have made the wrong investment buying it.

I bought this book with the hope that it would give me truck loads of information on clowning/costume/makeup. As it turns out, it's really just a book of skits. It's not that they weren't funny, but it took a lot of the fun out of it. Maybe I had too high of hopes for a clowning book, but I'll be returning this one.

This book is good, but would be best paired with other clown books that have information that this is missing, such as makeup techniques. It is not the best book for children's clowning groups. Like some of the ideas for props.

Good condition and arrived not long after purchase. It is a great book about clowning. Lots of great ideas and information.
