Customer Reviews

This book is full of great ideas and very inspirational. I was using the "Coffee Cup Caper" and it got rave reviews. Please do as instructed in this book.....your competition is not! The information on LinkedIn rocks.

I am a career coach and I love this book, not only for it's straight forward and practical advice, but all the extras that come with it. I have used the templates for resumes to assist a job seeker in refining her resume and cutting it down to one page. The cover letter tips are so helpful and breaks down what should be covered in each section. Definitely get out your highlighter when reading this book bc of all the juicy nuggets
