Synopsis

Connecting research and results. As a master teacher, John Santrock connects students to current research and real-world application, helping students see how developmental psychology plays a role in their own lives and future careers. Through an integrated, personalized digital learning program, students gain the insight they need to study smarter and improve performance.

Customer Reviews

Purchased this book new from , and it was not clear that it DOES NOT come with the McGraw Hill Connect Access Code. The class I purchased it for, requires the Connect Access Code. The book itself is new, but not sealed and did not have an access code.

I like this book. A well written book that sheds a light on life and behavior with reason of how both comes about.

Excellent textbook. So thankful my university uses these. Easy to follow and great review questions.

I was surprised of the quality for such a low price. Would defiantly recommend!!

I love this book . Cheapest place was on ^
