Introduction To The Optics Of The Eye, 1e

Synopsis

This is an easy to read, but not overly simplistic, introduction to clinically important topics. Through their own experience, the authors have been able to address the current gap in textbooks and achieve a balance between "need to know" and "what to know." It provides an introductory chapter that covers the history of visual optics and its relation to clinical vision care.

Book Information

Paperback: 234 pages

Publisher: Butterworth-Heinemann; 1 edition (July 30, 2001)

Language: English

ISBN-10: 075067346X

ISBN-13: 978-0750673464

Product Dimensions: 0.5 x 7 x 9.8 inches

Shipping Weight: 1 pounds
